

Keeping your personal data safe - Data Protection Act 2018

As you may already be aware, the above legislation (also known as the General Data Protection Regulation, or GDPR) came into force on 25 May 2018. Its aim is to:

- strengthen people's rights over their personal information; and
- make organisations more accountable for the personal information they process.

Newcastle East mixed multi Academy Trust (NEAT) is the data controller for all five schools within our trust. Privacy notices are the information we provide to people about how and why we process their personal data.

Our privacy notice for personal data held about pupils and their parents/carers is published on the NEAT website:

https://newcastle-east.eschools.co.uk/web/data_protection/352429

Please read the Privacy Notice and let us know if you have any queries by emailing the trust at admin@neat.org.uk

We may provide additional privacy notices from time to time when you need more specific information about how personal data will be processed e.g. school trips, projects.
